

FERTILIZER INDUSTRY UPDATE: PRICE, AVAILABILITY, HISTORY

Tim Smith/Kim Polizotto
PCS Sales/PotashCorp

This talk will review world and local factors that have been affecting fertilizer demand, pricing, and supply. The speaker will review fertilizer trends and usage in the world markets as well as discuss trends in the U.S. fertilizer industry.

Due to the proprietary nature of most of the information, a paper is not included in the proceedings. Select slides may be available upon request, however.
